

## PROFILE

**Sarah Pope**

In-life Programme Manager  
016325045  
sarah.pope@recruiters.ie

### Specialties:

- Business Development Reps
- Payroll Queries
- Constant on site presence
- Regular Performance Reviews

RECRUITERS are dedicated to supporting our vendors. This dedication is led by our In-life programme manager Sarah Pope. Sarah guides and maintains our contracting services. Our experience has found that it is usually a complex relationship management process that demands a sensitive, informed, intelligent and trusted advisor to guide a new vendor. Communication is imperative during on-boarding and throughout any contract term. We greatly value trust and Sarah strives to represent our clients in a professional and enthusiastic manner. She provides a platform for anyone to ask the questions and get the information that as a Vendor, you can sometimes struggle to get directly. Our goal is to ensure that our vendors have a dedicated point of contact for any concerns or issues including:

Contracts - Pay and negotiations - Performance - Welfare - Legal questions

## Testimonial

"The service I receive is excellent. I got good advice about the benefits of going self-employed, or, contracting through the agency, whichever way suited me. Never had any problems with payroll, which makes a change when contracting. And I'm kept up to date with what the client thinks. Overall I'm very happy."

*Manus O'Rourke, International Project Manager*

"Having dealt with RECRUITERS over the past number of years regarding my Vendors in Microsoft, I find the level of service they provide truly goes above and beyond any other agency. The fact, for example, that they organise regular Contractor Performance Reviews that allow me to communicate my level of satisfaction with the Vendor's performance and identify any potential areas for improvement is refreshing."

*Patrick Lynch, Business Program Manager – Channels Ops (Microsoft Hiring Manager)*
